CERTIFICATION

The following guidelines and regulations are set forth by the City of Calera Building Inspection Department and are to be followed by General or Subcontractors, for new construction and remodeling of any structure in the City of Calera.

- A. A set of building plans, drawn to scale showing all details of the building and stamped by an Architect/Engineer. A site plan drawn by a registered Engineer of the lot showing exact sizes, dimensions, drainage and locations of all existing buildings. A building permit application will need to be filled out and turned in at the Inspection Department, allowing 2 weeks for plans review. All plans will be reviewed for ICC Code Compliance. If plans are approved, permit will be issued.
- B. Request for job inspections need to be made at Inspection Department twenty-four (24) hours in advance. All phases of power inspections and releases will need to come through our office before they go to Alabama Power Company. A final inspection will be required upon completion of new construction or remodeling. **NO ONE WILL BE ALLOWED OCCUPANCY WITHOUT A FINAL INSPECTION AND CERTIFICATE OF OCCUPANCY. TO DO SO IS IN VIOLATION OF THE CITY OF CALERA ZONING ORDINANCE 10-2-3, 10-3.**

I hereby certify: that I have read this application and that all of the information contained herein is true and correct. That I agree to comply with all City ordinances and state laws regulating building construction; That I am the owner or authorized to act as the owner's agent for the herein described work; And that the total contract or valuations is-
